"Ascension of Jesus" John Singleton Copley

The Revelations of the Old and the New Testament, yet, the most profound events of all time is the Story of Jesus the Saviour, transformed and transform still our civilization.

We all celebrate the Christmas, a true international Spiritual Fiesta, the Easter Holiday while observing the Judgement of the Sanhedrin over the Christ, yet, the subsequent tortures and violent Crucifixion.

Yet, the story of Divine origin of Jesus reaches beyond the above events, while Resurrection surprises us once again, while Transfiguration animates another Divine quality and Revelation, while Ascension gives us a deeper meaning of Divine Spiritual powers over the matter, gravity, awareness embedded within the specific spectrum of possibilities.

The Resurrection, Transfiguration, Ascension of Jesus are, de facto, Bridges between Men and Divinity, yet, between Earth and Heaven. These bridges are nonexistent in everyday day religious narration, within liturgical importance. The Church is denying via Spiritual neglect the Divine nature of the entire New Testament, yet, Jesus Christ, even a joy embedded within the Resurrection, Transfiguration, Ascension, religious phenomenons, where Mary, the mother of God is not mentioned even once by her contemporaries. Perhaps there is a hidden truth not revealed to date.

Your Holiness, how is that possible that theological Ph.D.'s, professors for 2000 years marginalize the most profound revelations, yet, dismantling the bridges of Resurrection, Transfiguration, the Ascensions, while keeping the Jesus on the Cross still. Are we experiencing the paradox, not just a Spiritual Neglect but Spiritual Atheism indeed, de facto, suppression of the Divine nature of the Story? I hope not.

Your Holiness, Excellencies, I shall ask: why You still keep Jesus of Nazareth on the Cross, denying the joy of Resurrection, Transfiguration, Ascensions not allowed to take His rightful place within the miracle of the Trinity.

Your Holiness, we call you Holy, Excellencies, we call you Excellencies, while at the same time denying Jesus to be truly Holy, truly Excellent and pure God within the Trinity.

Our religion is a religion of Joy, while our Church is a Church of sadness it seems. While men control sadness of the Cross, Jesus within Trinity animates the joy and faith and this apparently becomes a treat, because joy is freedom, liberty, independence from evil. Do not be afraid of the joy of Jesus within the Trinity projected through His Revelations. Be afraid of sadness as this is a dominion of evil all too often.

I am deeply saddened by the Spiritual Neglect, yet, the Spiritual Paradox sipping into Religious Atheism while giving enormous power to men, clergy while denying at the same time the joy Jesus within the Trinity project.

Your Holiness, Excellencies, please restore the true meaning of Holiness, Excellency, yet, the Resurrection, Transfiguration, Ascension of Jesus, the Spiritual Bridges connecting via Liturgical awareness of Heaven and Earth, Men and Divinity.

Your Holiness, Excellencies, please restore the Bridge between Men and Divinity, between Earth and Heaven. Please restore the importance of Resurrection, Transfiguration, Ascension, yet, the joy of faith translated within miracles and Revelations of the Divine powers.

Be Blessed with every Breath,
Marek „Mark" J. Wagner-Lorentz
